ELIGIBLE EMPLOYEE

Participation in the plan is mandatory for full-time employees, unless you have already arranged to have health and dental coverage through your spouse's employee benefits program.

If your employment status changes from full-time to regular part-time, you must notify the Human Resources department of your decision to continue your benefits coverage within 31 days of the date of the status change. Otherwise, you will not be eligible for continued benefits coverage.

Participation in the plan is optional for regular part-time employees. Newly hired part-time employees must apply for coverage within 31 days of their date of hire or appointment. Coverage in the plan must be maintained for a minimum of one year.

If you do not submit your enrolment form within the specified period you will not be eligible for benefits coverage, unless satisfactory evidence of insurability (medical questionnaire) is provided.

If your employment status changes from part-time to full-time, you will be required to participate in the benefits plan as a full-time employee. If you are not currently participating in the benefit plan, you are required to complete an enrolment form within 31 days of the date of your appointment to full-time status. If you are participating in the benefit plan, you will continue in the benefit plan with the current single or family status. Evidence of insurability will be required to add family members.

Please review the *General information* section for additional details.

- he/she becomes eligible for employee coverage; and/or
- he/she acquires one or more eligible dependants.

Retirees who waive or reduce their coverage from family to single cannot opt-in or upgrade their coverage at a later date. Retirees can remove dependants from the plan, however, they cannot change or add a dependant once they retire.

SUPPLEMENTAL HOSPITAL EXPENSE BENEFIT

Note: Some individual benefits are subject to yearly or lifetime maximums. Eligible drug dispensing fees are limited to the Ontario Drug Benefit plan maximum.

To contain costs, it is recommended that when you chose a pharmacy, you chose one that charges a dispensing fee in accordance with the current Ontario Drug Benefit (ODB) plan maximum. To facilitate your search, the plan administrator offers a preferred provider network (PPN) of more than 500 pharmacies throughout Ontario. These pharmacies limit their dispensing fees to the ODB maximum. To find a PPN pharmacy near you, check the Coughlin & Associates website at www.coughlin.ca.

Note: The government may change the ODB plan maximum from time to time. Please refer to the plan administrator to confirm the ODB.

Employees must identify themselves as members of the PPN when they present their prescription.

Emergency claims are handled on an individual basis. An emergency situation is one in which it is necessary to purchase a prescription outside regular pharmacy hours in order to treat an unexpected and urgent medical situation. The purchase of maintenance drugs required to treat a known condition does not qualify as an emergency.

The complete list of PPN pharmacies in eastern Ontario can be found on the *My hospital* portal.

General information

PLAN EFFECTIVE DATE

The features described in this plan are effective May 1, 2017.

ELIGIBLE EMPLOYEES

All active full-time and permanent part-time employees residing in Canada are eligible to participate in this plan immediately upon employment.

Employees must be registered under the provincial health care plan in order to be covered under a group benefits plan.

Please review the *Benefit summary* section.

Waiting period

Three months.

ELIGIBLE DEPENDANTS

Dependants residing in Canada, including your spouse and/or any unmarried children (including adopted and step-children) who are under 21 years of age, may be covered under this plan. Unmarried children between the ages of 21 and 25 who are full-time students and dependent on you for support may also be eligible for medical and dental coverage.

There is no upper age limit for dental coverage, provided the student and dependency conditions are met.

Mentally or physically disabled children may remain covered past the maximum age when they are incapable of self-sustaining employment and completely dependent on you for support and maintenance. The disability must be established prior to the child reaching age 21 or while he/she is eligible as a full-time student. Supporting documentation completed by a medical doctor will be required.

By **spouse**, we mean:

- the person to whom you are legally married; or
- the person with whom you have lived in a common-law relationship for a period of not less than one full year and whom you have publicly represented as your spouse. Unless you request in writing to the insurer that your common-law spouse be covered under this plan, the person legally married to you will be considered your spouse. Only one spouse will be eligible for coverage under this program. The same spouse must be insured for all eligible benefits.

NO MEDICAL EXAMINATION

If you enrol in this plan when you first become eligible to do so, no medical examination or other evidence of insurability is required.

HOW TO JOIN THE PLAN

To join the benefits plan, please complete and return the enrolment form to the Human Resources department.

EFFECTIVE DATE OF COVERAGE

All coverage is compulsory for full-time employees and becomes effective on the date you become eligible. Participation is optional for permanent part-time employees.

If, initially, you select employee-only coverage and later gain a dependant, your dependant can be enrolled in the plan. Advise your employer of your change in status within 31 days of the change. Once you have dependant coverage in force, all of your eligible dependants will be covered however, an *Employee Change Form* must be completed and submitted to the Human Resources department when you add additional dependants or when the status of your dependants changes.

If you are not actively at work on the date your coverage would normally become effective, coverage will commence on the date you return to work.

If on the date coverage would normally be effective one of your dependants (other than a new-born infant) is hospitalized, coverage will commence on the day following his/her discharge from hospital. Once you are covered for dependant coverage, additional dependants will be covered from the eligibility date, regardless of hospital confinement.

COMPARABLE COVERAGE

You may **decline** to be covered for certain benefits under this plan in order to be covered as a dependant under a comparable group benefits program. If that coverage ends due to either the termination of the group contract or because you cease to be eligible, you may acquire the similar health benefits available under this plan, without delay or providing evidence of good health. **However, you must apply for such coverage within 31 days of the termination of that comparable coverage, including a change in your family status.**

Change in family status means:

- the loss of insurance coverage from a spouse's* group insurance plan;
- the gaining of a spouse* through either marriage or common-law relationship;
- the divorce, separation or annulment of the person with whom you are married or have a common-law relationship; or
- the birth or adoption of a dependant child.

(* *Spouse* means the person to whom you are legally married or the person with whom you have lived in a common-law relationship and have represented as your spouse for at least one full year.)

Applicants who apply for coverage after 31 days of the termination of comparable coverage will be asked to provide evidence of insurability before becoming eligible for coverage.

By applying through the evidence of insurability process you will have restrictions on your claims.

The amount payable for dental services will be limited to \$100 for each covered person for the first 12 consecutive months of coverage.

TERMINATION OF INSURANCE

Employee coverage

Your coverage will automatically terminate on the earliest of the following events:

- you no longer satisfy the definition of employee;
- your employment terminates;
- you enter the armed forces of any country on a full-time basis;
- the policy terminates or coverages for the group to which you belong terminate;
- you take an approved leave of absence and do not continue to make premium payments;
- for all active **full-time and part-time** employees: last day of the month following attainment of age 71 or retirement, whichever comes first;
- for **retirees** who have elected to maintain coverage, benefits will terminate the last day of the month following attainment of age 65;
- you no longer contribute towards the cost of your coverage.

Dependant coverage

Dependant coverage will terminate automatically on the earliest of the following events:

- when your coverage ceases;
- you are no longer eligible for dependant coverage; or
- the dependant no longer satisfies the dependant definition.

Note: You must advise the Human Resources department of any change in your dependant status. Otherwise, you may be denied benefit payments.

Conversion privilege

If your plan terminates, you may be able to convert your group benefits plan to an individual plan. You must apply within 31 days of your termination date. Please contact the plan administrator for more information.

CONTINUATION OF INSURANCE DURING ABSENCE FROM WORK

If you cease to be eligible for coverage, coverage will automatically terminate as specified under *Termination of insurance*. However, the employer may continue to provide coverage if you cease to be actively employed due to any of the following circumstances:

- 1. Illness or injury.** The earliest of the dates specified in the *Termination of insurance* section or you may be covered for a period of up to 30 months from the time the absence commenced.
- 2. Maternity/Parental leave.** You may be covered for the duration of the leave. Where governing legislation places the decision to continue coverage on any employee who contributes toward the premium, coverage may be continued at the option of the employee, provided contributions continue.
- 3. Pre-paid leave of absence.** Your coverage will continue for 12 months from the date your leave commenced or longer, provided your employer approves the extension and that you pay 100 per cent of the benefits.
- 4. Lay-off/other leaves of absence.** For a lay-off, your coverage will continue for three months or until you work elsewhere. For other leaves of absence, your coverage will continue until the end of the month in which your leave commenced.

Benefits can only be continued if you contact Human Resources and make arrangements to complete the required form and provide a payment schedule.

If these provisions permit less than the minimum required by governing legislation, the terms of this policy will be extended to agree with the minimum requirements of the law.

If the employer terminates your employment and is required to extend benefits to you for a prescribed period afterwards in accordance with any federal or provincial employment standards legislation, you may continue to be covered for that period. In no event will coverage extend past the date on which the contract terminates.

CO-ORDINATION OF BENEFITS AND ORDER OF BENEFIT DETERMINATION

If you or your dependants are eligible to receive a payment under this contract and a similar payment under another benefits plan, the payment of benefits to you will follow this order:

- if the other plan does not have a COB provision, the benefits of the other plan will be paid first;
- if the other plan contains a COB provision, its benefits will be co-ordinated with those under this agreement so that priority will be given to the plan under which the person is eligible to receive benefits as follows:
 - o other than as a dependant;
 - o as a dependant child of the parent with the earlier month and day of birth in the calendar year;
 - o as a dependant child of the parent whose first name begins with the earlier letter in the alphabet, if both parents have the same birthday.

In cases of separation or divorce:

- the plan of the parent with custody of the child;

- the plan of the spouse-partner of the parent with custody of the child;
- the plan of the parent not having custody of the child;
- the plan of the spouse-partner of the parent not having custody of the child.

If the person is covered under another plan, priority will go to:

- the plan where the employee is an active, full-time employee;
- the plan where the employee is an active, part-time employee;
- the plan where the employee is a retiree.

If priority cannot be established according to the above, the benefits shall be paid under both plans in a ratio proportionate to the amounts that would have been paid under each plan had there been coverage under just that plan.

Second payer

In co-ordination of benefits situations where Coughlin is the secondary payer, the original explanation of benefits from the primary insurer and copies of the relevant receipts or dental claim form must be submitted.

SUBROGATION

The plan administrator reserves the right to recover payments or benefits provided to any person or corporation.

CHANGE IN INFORMATION

To ensure the accuracy of the information contained in your file and that you receive all related correspondence, it is important that you contact the Human Resources department as soon as a change in your status occurs (i.e. the addition of a new dependant, a change of address).

Extended health care

PAYMENT OF BENEFITS

If, while insured, you or your dependants incur any of the eligible expenses for medically necessary services or supplies in the treatment of an illness or injury, the plan will pay a benefit subject to the *General health and dental limitations*. After the application of the annual deductible, the amount payable will be determined based on the percentage shown in the *Benefit summary*. A benefit is not payable for an eligible expense used to satisfy the deductible, nor is it payable if the maximum benefit has already been paid.

DEDUCTIBLE

The individual or family deductible shown in the *Benefit summary* is applied each calendar year.

SUPPLEMENTAL HEALTH BENEFIT (SEMI-PRIVATE)

This benefit pays the difference between standard ward and semi-private accommodation in public general hospitals.

No benefits are payable for accommodation in psychiatric hospitals or nursing homes.

No benefits are applied if they are payable by any other insurer.

There is no deductible.

HOSPITAL EXPENSE BENEFIT

In Canada

The plan covers charges of an approved public general hospital for:

- the difference between semi-private room rate and private room rate, provided semi-private hospital was not waived at enrolment;
- medical and surgical treatment incurred by a person on an out-patient basis (excluding physicians' and special nurses' fees); and/or

convalescent care at an approved treatment facility to a maximum of \$10 per day for 120 days in any calendar year (a physician's referral is required).

Outside Canada

There is limited out-of-Canada coverage available for extended health benefits. Employees are urged to seek private health care insurance when travelling outside of Canada as out-of-country medical costs can be significant for travellers and out-of-Canada residents. Eligible expenses will have the fees converted to Canadian dollars and the reasonable and customary charge for the province of residence will apply.

If you travel or reside outside Canada:

- Physician's fees will be reimbursed to a maximum of three times the Ontario Medical Association (OMA) schedule.
- Other expenses, as if provided in Canada, may be considered.

This includes prescription medications that have a Canadian equivalent, paramedical services, vision care and approved medical equipment (with supporting medical documentation).

Note: Reimbursement by the plan sponsor for eligible services will be made only after your provincial government health plan provides payment towards the cost of the services received.

ELIGIBLE EXPENSES

The following is a list of the items currently eligible for payment under your benefit plan. Eligible expenses must be reasonable, customary, and recommended by a physician.

Note: Coverage outside of Canada is limited. Employees are urged to seek private health care insurance when travelling outside Canada.

DENTAL CARE BENEFIT PROVISIONS

Pre-determination of benefits

Where a course of treatment is expected to cost \$300 or more or will involve the use of crowns, inlays, onlays, bridges or dentures, it is recommended that the insured person obtain a written estimate

outlining the procedures and itemized charges, including X-rays, from the attending dentist. The estimate should be submitted to the plan administrator prior to commencement of the treatment. The plan administrator will review the estimate and advise the insured person on the amount of benefit payable.

Alternate benefit provision

Situations may arise where alternate methods of treatment may be available. It is solely for you and your dentist to decide which method will be employed, however, the plan administrator reserves the right to use the least expensive treatment method that would provide a professionally adequate result.

When a treatment plan is not filed with the plan administrator prior to commencement of treatment, the plan administrator reserves the right to pay benefits based on the least expensive alternate procedures that will provide a professionally adequate result.

The alternate benefit provision cannot be applied to excluded expenses.

Comparable coverage

If your comparable dental coverage terminates because that group contract terminates, or because you cease to be eligible for the comparable coverage, you and your dependants may acquire the dental coverage under this plan without restrictions, providing you apply for coverage within 31 days. If you apply after the 31-day period, coverage will commence on the date you apply. However, the amount payable will be limited to \$100 for the first 12 consecutive months your insurance is in force.

Where a range of fees or individual consideration or laboratory charges is included, the plan administrator will determine the amount payable, based on reasonable and customary charges.

The balance of the treatment fees and laboratory charges will remain the insured person's responsibility.

Dental expenses means expenses for dental treatment recommended as necessary by a dentist that are not in excess of the maximum fee specified for general practitioners in the current year's *Dental Association Fee Guide for General Practitioners*. If a specialist performs treatments, the plan will only reimburse up to the levels specified in that fee guide.

For denturists, *dental expenses* mean expenses for dental treatment recommended as necessary by a denturist that are not in excess of the minimum fee specified in the current year's *Denturist Fee Guide*.

Dental hygienist means a person who is duly licensed to perform dental hygiene.

- bonded amalgam restorations; and
- dispensing fees that exceed the current Ontario Drug Benefit (ODB) rate, unless the claim is deemed an *“emergency claim”*.

Extension of benefits

If one of your covered dependants is hospitalized when your coverage terminates, then benefits will be payable in the same manner as your own, or until your dependant is discharged from the hospital, whichever is earlier.

If you or your dependant are pregnant on the date coverage would normally cease, payment will be made for pregnancy-related eligible expenses.

Extension of major medical benefits will cease when the contract terminates.

In most cases, dental benefits are not payable after the date your coverage terminates, even when a treatment plan has been filed and benefits determined by the plan administrator. However, benefits are payable under the following circumstances:

1. Where an impression for a denture, bridge, crown, inlay or onlay had been taken prior to the date your coverage terminates and the termination of coverage. Related dental expenses incurred within 30 days after the termination of coverage, are eligible.
2. If your coverage terminates due to your death, dental expenses incurred on behalf of your dependants will be eligible for payment provided:
 - the services are rendered within 90 days following your death; and
 - they are part of a series of planned dental services started prior to your death or rendered at definite dental appointments made prior to your death.

Claims procedures

When you have a claim, be sure to obtain the necessary forms from the *My hospital* portal, the Human Resources Department or from the plan administrator. Then, forward them to Coughlin & Associates Ltd, the plan administrator.

It is only reasonable for you to expect prompt settlement of claims when they arise. Check with your plan administrator to ensure that you are using the correct form and that you have completed it correctly.

Sometimes, physicians send claim forms directly to the plan administrator. This frequently delays claims settlement since the employee section must also be completed prior to submission.

EXTENDED HEALTH CARE

Keep a record of all out-of-pocket expenses incurred by you and your covered dependants. It is important that all original receipts for eligible expenses be submitted with your claim. Clearly indicate the name of the person for whom the expense was incurred. Complete the appropriate claim form and submit it along with these receipts to the plan administrator. Faxes of medical claims cannot be accepted.

1. All original receipts should show the name, registration number, address and telephone number of the practitioner.
2. All claims for extended health care benefits must be submitted by the end of the calendar year following the year in which the expense was incurred.
3. If your coverage terminates for any reason, written proof of claim must be submitted within 90 days of the termination of coverage.

In addition, the Hospital's in-house pharmacies will dispense drugs for eligible employees and their dependants, usually without cost outlay by the insured. The Hospital pharmacies operate within the Ontario Drug Benefit plan dispensing fee limit.

DENTAL CARE

Special claim forms have been designed and are available on the *My hospital* portal, at the Human Resources Department, and from the plan administrator.

Standard dental claim forms are also available from all dentists and are acceptable, provided the employer information and/or policy number is clearly indicated. The insured person as well as the dentist must complete a claim form. A separate claim must be completed for each person receiving treatment.

Payment may be made directly to the dentist, if so desired, by assigning the benefit to the dentist in the appropriate space provided on the claim form. Claims must be submitted by the end of the calendar year following the year in which the expense was incurred.

If your coverage terminates for any reason, written proof of claim must be submitted within 90 days of the termination of coverage.

General Information

The information contained in this section applies only to benefits insured by Sun Life Assurance Company of Canada.

About this booklet

The information in this employee benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group contract with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

Your group benefits may be modified after the effective date of this booklet. You will receive written notification of changes to your group plan. The notification will supplement your group benefits booklet and should be kept in a safe place together with this booklet.

If you have any questions about the information in this employee benefits booklet, or you need additional information about your group benefits, please contact your employer.

Eligibility

To be eligible for group benefits, you must be a resident of Canada and meet the following conditions:

- you are a permanent full-time employee.
- you are actively working for your employer at least 37.5 hours a week.
- you have completed the waiting period.

The waiting period for your group plan is 3 months of continuous employment.

We consider you to be actively working if you are performing all the usual and customary duties of your job with your employer for the scheduled number of hours for that day. This includes scheduled non-working days and any period of continuous paid vacation of up to 3

months if you were actively working on the last scheduled working day. We do not consider you to be actively at work if you are receiving disability benefits or are participating in a partial disability or rehabilitation program.

Your dependents become eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later. You must apply for coverage for yourself in order for your dependents to be eligible.

Who qualifies as your dependent

Your dependent must be your spouse and a resident of Canada or the United States.

Your spouse by marriage or under any other formal union recognized by law, or your partner of the opposite sex or of the same sex who is publicly represented as your spouse, is an eligible dependent. You can only cover one spouse at a time.

Enrolment

You have to enrol to receive coverage. To enrol, you must request coverage in writing by supplying the appropriate enrolment information to your employer. For a dependent to receive coverage, you must request dependent coverage.

Proof of good health will be required when you request Optional Life coverage and any increase in that coverage. Coverage will not take effect before Sun Life approves the proof of good health.

When coverage begins

Your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

A dependent's coverage begins on the later of the following dates:

- the date your coverage begins.
- the date the dependent becomes eligible for coverage.
- the date Sun Life approves the dependent's proof of good health, if required.

However, for a dependent who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

If you are not actively working on the date your spouse's Optional Life coverage would normally begin, then that coverage will not begin until you return to active work with your employer.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

Changes affecting your coverage

From time to time, there may be circumstances that change your coverage. For example, your employment status may change, or your employer may change the group contract.

For the Long-Term Disability coverage, any change in coverage resulting from a change in basic earnings will take effect on the first day of the month following the date of the change. If the change takes effect on the first day of the month, the change in coverage will take effect on that same day.

All other changes in coverage will take effect on the date of the change in circumstances.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.
- if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent is hospitalized on the date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

Updating your records

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to your employer:

- change of dependents.
- change of name.
- change of beneficiary.

Accessing your records

For insured benefits, you may obtain copies of the following documents by contacting Coughlin & Associates Ltd.:

- your enrolment form or application for insurance.
- any written statements or other record, not otherwise part of the application, that you provided to Sun Life as evidence of insurability.

For insured benefits, on reasonable notice, you may also request a copy of the contract.

The first copy will be provided at no cost to you but a fee may be charged for subsequent copies.

Requests for a copy of the contract should be directed to one of the following sources:

- our website at www.mysunlife.ca.
- our Customer Care centre by calling toll-free at 1-800-361-6212.

When coverage ends

As an employee, your coverage will end on the earlier of the following dates:

- the date your employment ends or you retire.
- the date you are no longer actively working.
- the end of the period for which premiums have been paid to Sun Life for your coverage.

- the date the group contract ends.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.
- the end of the period for which premiums have been paid for dependent coverage.

Replacement coverage

The group contract will be interpreted and administered according to all applicable legislation and the guidelines of the Canadian Life and Health Insurance Association concerning the continuation of insurance following contract termination and the replacement of group insurance.

Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.

If such legislation or guidelines require that Sun Life resume paying certain benefits because of a recurrence of an employee's total disability, Sun Life will resume payment at the same amount and for the remainder of the maximum benefit period.

If you have not named a beneficiary, the benefit amount will be paid to your estate. Anyone can be your beneficiary. You can change your beneficiary at any time, unless a law prevents you from doing so or you indicate that the beneficiary is not to be changed.

For your spouse's optional coverage, Sun Life will pay the full amount of the benefit to the last named beneficiary on file with Sun Life. If you have not named a beneficiary, the benefit amount will be paid to you.

A minor cannot personally receive a death benefit under the plan until reaching the age of majority. If you reside outside Québec and are designating a minor as your beneficiary, you may wish to designate someone to receive the death benefits during the time your beneficiary is a minor. If you reside outside Québec and have not designated a trustee, current legislation may require Sun Life to pay the death benefit to the court or to a guardian or public trustee. If you reside in Québec, the death benefit will be paid to the parent(s)/legal guardian of the minor on the minor's behalf. Alternatively, you may wish to designate the estate as beneficiary and provide a trustee with directions in your will. You are encouraged to consult a legal advisor.

Suicide

If you or your spouse have any optional coverage that has been in effect for less than 2 years, we will not pay benefits if death is by suicide, regardless of whether you or your spouse have a mental illness or intend or understand the consequences of your actions. However, we will refund all applicable Life coverage premiums that have been paid.

Coverage during total disability

If you become totally disabled before you retire or reach age 65, whichever is earlier, Life coverage may continue without the payment of premiums as long as you are totally disabled. This continued coverage is subject to the terms of the contract which were in effect on the date you became totally disabled, including reductions and terminations.

Sun Life must receive proof of your total disability within 12 months of the date the disability begins. After that, we can require ongoing proof that you are still totally disabled.

If proof of total disability is approved after an individual insurance policy becomes effective as a result of converting the group Life coverage, the group Life coverage will be reduced by the amount of the individual insurance policy, unless the individual insurance policy is exchanged for a refund of premiums.

Total disability must continue for:

- an uninterrupted period of 6 months, or
- the elimination period for Long-Term Disability if you are entitled to Long-Term Disability payments, whichever is shorter.

This coverage will continue without payment of premiums, from the date the Long-Term disability claim is approved, until the date you cease to be totally disabled or the date you fail to give Sun Life proof of your continued total disability, whichever is earlier.

Spouse Optional Life coverage will also continue without payment of premiums, as long as your Life coverage is continued without payment of premiums, but not after the Spouse Optional Life benefit is terminated.

For the purposes of your Life coverage, you will be considered totally disabled during the first 24 months if you are continuously unable due to an illness to do the essential duties of your own occupation, and afterwards, you are continuously unable due to an illness to do any occupation for which you are or may become reasonably qualified for by education, training or experience. However, if you are totally disabled under the Long-Term Disability benefit, you are also considered to be totally disabled under the Life benefit.

**Living Benefits
Loan Program**

If you are terminally ill with a life expectancy of 24 months or less, you may apply for a commercial loan under the Sun Life Living Benefits Loan Program. Under this program, you may receive an advance of up to 50% of your Basic Life coverage, to a maximum of \$100,000.

If you are within 5 years of a scheduled reduction of your Basic Life coverage, the advance you may receive cannot exceed 50% of the lowest reduced amount of your Basic Life coverage. If you are within 5 years of the termination of your Basic Life coverage, you may not apply for a commercial loan under the Sun Life Living Benefits Loan Program. This program is subject to other restrictions. Please contact your employer for details.

**Converting Life
coverage**

If your Life coverage ends or reduces for any reason other than your request, you may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

If your spouse's Life coverage ends for any reason other than your request, your spouse may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

The request must be made within 31 days of the reduction or end of the Life coverage.

There are a number of rules and conditions in the group contract that apply to converting this coverage, including the maximum amount that can be converted. Please contact your employer for details.

**When and how to
make a claim**

Claims for Life benefits must be made as soon as reasonably possible. Claim forms are available from your employer.

Long-Term Disability

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

Long-Term Disability coverage provides a benefit to you if you are totally disabled. You qualify for this benefit if you provide proof of claim acceptable to Sun Life that:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since its onset.

For your Long-Term Disability coverage,

- during the elimination period and the following 24 months (this period is known as the **own occupation period**), you will be considered totally disabled while you are continuously unable due to an illness to do the essential duties of your own occupation, and
- afterwards, you will be considered totally disabled if you are continuously unable due to an illness to do any occupation for which you are or may become reasonably qualified by education, training or experience.

If you have 35 or more years of employment with your employer, you will be considered totally disabled while you are prevented by illness from performing the essential duties of your own occupation.

If you must hold a government permit or licence to perform your own occupation and your permit or licence is withdrawn or not renewed solely for medical reasons, we will consider you totally disabled for up to 12 months after the end of the elimination period. You cannot be working other than in a Sun Life approved partial disability or rehabilitation program.

Benefits are paid at the end of each month and are based on your coverage on the date you became totally disabled.

If you are totally disabled for part of any month, we will pay 1/30 of the monthly benefit for each day you are totally disabled.

When disability payments begin

Your Long-Term Disability payments begin after you have been totally disabled for an uninterrupted period of 30 weeks or after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan, whichever is later.

This period, which must be completed before disability benefits become payable, is the **elimination period**.

If you become totally disabled during a lay-off or approved leave and your coverage continues during this time, you will be eligible for benefit payments following your recall or scheduled return to full-time work with your employer. You must have been totally disabled for an uninterrupted period of 30 weeks and still be totally disabled on the date you are recalled or scheduled to return to full-time work with your employer.

What we will pay

Here is how we calculate your Long-Term Disability payments. All references to income in this disability provision are to the gross amounts before any deductions.

Step 1:

- If you have at least 6 months of continuous service but less than 20 years, we take 65% of your monthly basic earnings, rounded to the next higher \$1, up to a maximum benefit of \$10,000.
- If you have at least 20 years of continuous service but less than 30 years, we take 70% of your monthly basic earnings, rounded to the next higher \$1, up to a maximum benefit of \$10,000.
- If you have at least 30 years or more of continuous service, we take 75% of your monthly basic earnings, rounded to the next higher \$1, up to a maximum benefit of \$10,000.

Step 2: We subtract any income provided to you:

- for the same or a subsequent disability under any government-sponsored plan, excluding dependent benefits, employment insurance benefits and automatic cost-of-living increases under any government-sponsored plan that occur after benefits begin.
- for the same or a subsequent disability under any Workers' Compensation Act or similar law, excluding automatic cost-of-living increases that occur after benefits begin.
- under a motor vehicle insurance plan which provides disability benefits to the extent that the law does not prohibit such a deduction.
- under a group plan, including any coverage resulting from your membership in an association of any kind.
- under a retirement or pension plan funded in whole or in part by the employer, as a result of your disability or a medical condition.
- under the Québec Parental Insurance Plan.

The result from Step 2 is the amount you will normally receive.

If this amount plus the above sources of income and all the additional sources of income listed below exceeds 85% of your pre-disability basic earnings, we will reduce your Long-Term Disability payment by the excess. If your benefit is non-taxable, the maximum will be 85% of your pre-disability basic earnings after income tax.

Additional sources of income provided to you:

- under any Workers' Compensation Act or similar law for another disability, excluding any automatic cost-of-living increases that occur after benefits begin.
- under any Criminal Injuries Compensation Act or similar law, where allowed by law.

If you are eligible for any of the income amounts above and do not

apply for them, we will still consider them part of your income. We can estimate those benefits and use those amounts when we calculate your payments.

If you receive any of the income amounts above in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.

We will not take into account any benefits that began before your disability began. However, increases in those benefits as a result of your disability will be taken into account.

We have the right to adjust your benefit payments when necessary.

**Maternity / parental
leave of absence**

Maternity leave agreed to with your employer will begin on the date you and your employer have agreed will be the start of your leave or the date the child is born, whichever is earlier. The leave will end on the date you and your employer have agreed that you will return to active, full-time work or the actual date you return to active, full-time work, whichever is earlier.

Parental leave is the period of time that you and your employer have agreed on.

Sun Life will determine any portions of a maternity or parental leave which are voluntary and any portions which are health-related. The health-related portion of the leave is the period in which a woman can establish, through appropriate medical documentation, that she is unable to work for health reasons related to childbirth or recovery from childbirth.

Long-Term Disability benefits will only be payable for health-related portions of the leave where necessary in order to comply with requirements such as employment standards, human rights and employment insurance, after you have been disabled for an uninterrupted period of 30 weeks, provided your coverage has been continued.

However, if your employer has a Supplemental Unemployment Benefit (SUB) plan as defined in the Employment Insurance regulations

covering the health-related portion of the maternity or parental leave, Sun Life will not pay any benefits under this plan during any period benefits are payable to you under your employer's SUB plan.

Partial disability program

You may be required to participate in a partial disability program approved by Sun Life in writing.

After you are eligible for Long-Term Disability payments, you may be considered for a partial disability program in which you return to your own occupation for a reduced number of hours per week.

During your partial disability program, you can receive a salary from your employer for the hours worked. However, your Long-Term Disability payments will be reduced by the percentage of your normal work week that you are now working for your employer.

During your partial disability program your total income from all sources cannot exceed 100% of your pre-disability basic earnings, indexed for inflation (less provincial and federal income taxes if your benefit is non-taxable). If this is the case, your Long-Term Disability payments will be further reduced by the excess.

Your participation in a partial disability program will be limited to the own occupation period.

Rehabilitation program

You may be required to participate in a rehabilitation program approved by Sun Life in writing.

It may include the involvement of our rehabilitation specialist, part-time work, working in another occupation or vocational training to help you become capable of full-time employment.

Sun Life is under no obligation to approve or continue a rehabilitation program for an employee. We will consider such factors as financial considerations and our opinion on the merits of rehabilitation.

During your rehabilitation program, you may receive your Long-Term Disability payments plus income from other sources. However, if during any month your total income is more than 100% of your pre-disability basic earnings, indexed for inflation (less provincial and

federal income taxes if your benefit is non-taxable), your Long-Term Disability payments will be reduced by the excess.

You should consider participating in a rehabilitation program as soon as possible after becoming totally disabled. If you enter a rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

Interrupted periods of disability during elimination period

Interrupted periods of total disability due to the same or related causes occurring before the elimination period has been completed are treated as one period of disability and are accumulated to complete the elimination period as long as this benefit is in force and all of the following conditions are met:

- the initial period of total disability lasts for at least 30 days without interruption.
- afterwards, there is no interruption of more than 30 days.
- each period of total disability is completed within 12 months after the start of the elimination period, or as approved by Sun Life in advance in cases where the elimination period is 365 days or more.

The difference between your normal number of scheduled hours and the number of hours actually worked is credited towards the elimination period.

If the Long-Term Disability benefit terminates, any balance of the elimination period must subsequently be completed by uninterrupted total disability.

Interrupted periods of disability after payments begin

If you had a total disability for which we paid Long-Term Disability benefits and total disability occurs again due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability. You must be covered when total disability reoccurs.

These benefits will be based on your coverage as it existed on the original date of total disability.

If you recover damages from another person

We have the right to part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.

If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.

If you recover money, you must pay us 75% of your net recovery or the total disability income benefits paid or payable to you under this plan, whichever is less. Your net recovery does not include your legal costs. Seventy-five percent of your net recovery must be held in trust for us.

We have the right to withhold or discontinue disability income payments if you refuse or fail to comply with any of these terms.

Your responsibilities

During your total disability, you must make reasonable efforts to:

- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your employer.
- return to your own occupation during the first 24 months that benefits are payable.
- obtain training in order to qualify for another occupation if it becomes apparent that you will not be able to return to your own occupation within the first 24 months that benefits are payable.
- try to obtain work in another occupation after the first 24 months that benefits are payable.
- obtain benefits that may be available from other sources.

If you do not, Sun Life may hold back or discontinue benefits.

When payments end

If you have less than 10 years of continuous service when you become totally disabled, your Long Term Disability payments end on the earlier of the following dates:

- the date you are no longer totally disabled.

- if you have completed the elimination period on or before your 64th birthday - the date you reach age 65
- if you have completed the elimination period after your 64th birthday - the maximum benefit period is 12 months
- the last day of the month in which you retire with a pension or are eligible to retire with a full pension or a full pension equivalent.
- the last day of the month in which you die.

If you have 10 years or more of continuous service when you become totally disabled, your Long-Term Disability payments end on the earlier of the following dates:

- the date you are no longer totally disabled.
- the date you die.

When coverage ends Long-Term Disability coverage will end on the day you reach age 65 less the elimination period of 30 weeks or the day you retire, whichever is earlier. Coverage may also end on an earlier date, as specified in *General Information*.

Payments after coverage ends If the Long-Term Disability benefit terminates while you are totally disabled, you are entitled to continue receiving payments, as long as your total disability is uninterrupted, as if the benefit were still in effect.

What is not covered We will not pay benefits for any period:

- you are not receiving appropriate treatment.
- that you do any work for wage or profit except as approved by Sun Life.
- you are not participating in an approved partial disability or rehabilitation program, if required by Sun Life.

- you are on a leave of absence, strike or lay-off except as stated under Maternity / parental leave of absence or except where specifically agreed to by Sun Life.
- you are absent from Canada longer than 4 months due to any reason, unless Sun Life agrees in writing in advance to pay benefits during the period.
- you are serving a prison sentence or are confined in a similar institution.

We will not pay benefits for total disability resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries.
- participation in a criminal offence.

When and how to make a claim

To make a claim, complete the Notice of Claim for Group Long-Term Disability Benefits that is available from your employer.

We must receive notice of claim on the earlier of the following dates:

- 60 days after the total disability begins.
- within 30 days of the termination of this Long-Term Disability benefit.

Part of the application process will include filling out claim forms that give us as many details about the claim as possible. You, the attending doctor and your employer will all have to complete claim forms.

In order to receive benefits, we must receive these forms no later than 90 days after the end of the elimination period.

We will assess the claim and send you or your employer a letter outlining our decision.

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of this request, you will not be entitled to benefits.

In-Hospital Confinement Monthly Income Benefit

In the event an Insured Person sustains an injury which results in a payment being made under the Schedule of Losses, excluding the Loss of Life Benefit, and an Insured Person is hospital confined as an in-patient and is under the care of a legally qualified and registered physician or surgeon other than himself or herself, ACE INA Life Insurance will pay for each full month, 1% of an Insured Person's Principal Sum amount, subject to a maximum amount of \$2,500, or 1/30 of such monthly benefit for each day of partial month, retroactive to the 1st full day of such confinement but not to exceed 365 days in the aggregate for each period of hospital confinement.

"Hospital" as used herein means a legally constituted establishment which meets all of the following requirements: (1) operates primarily for the reception, care and treatment of sick, ailing or injured persons as in-patients; (2) provides 24 hour a day nursing

Cosmetic Disfigurement Benefit

If an Insured Person suffers a third degree burn in a non-occupational accident, ACE INA Life Insurance will pay a percentage of the Principal Sum amount depending on the area of the body which was burned according to the following table:

Body Part	(A) Area Classification	(B) Maximum allowable % for Area Burned	(C) Maximum % of Principal Sum Payable
Face, Neck, Head	11	9%	99%
Hand & Forearm	5	4.5%	22.5%
Either Upper Arm	3	4.5%	13.5%
Torso (Front or Back)	2	18%	36%
Either Thigh	1	9%	9%
Either Lower Leg (below knee)	3	9%	27%

The maximum % of Principal Sum Payable (C) is determined by multiplying the Area Classification (A) by the Maximum Allowable % for Area Burned (B). In the event of a 50% surface burn, the Maximum Allowable % for Area Burned (B) is reduced by 50%. This table only represents the maximum % of the Principal Sum payable for any one

If an Insured Employee is: (1) laid off on a temporary basis; (2) temporarily absent from work due to short-term disability; (3) on leave of absence; or (4) on maternity leave, coverage shall be extended for 12 months, subject to the payment of premiums. “Seat Belt” means those belts that form a restraint system.

The reimbursement of such expenses incurred is subject to the accidental Loss of Life Benefit being subsequently payable in accordance with the terms of the policy following

the identification of the body as an Insured Person. The maximum amount payable will not exceed \$15,000 for all such expenses.

Payment will not be made for board or other ordinary living, travelling or clothing expenses, and transportation must occur in a vehicle or device operated under a license for the conveyance of passengers for hire.

ACE INA Life Insurance shall only be obligated to pay the critical illness benefit once notwithstanding that an Insured Person may be diagnosed with more than one of the covered illnesses.

The individual policy will be effective either as of the date that the application is received by ACE INA Life Insurance or on the date that coverage under the group policy ceases, whichever occurs later. The premium will be the same, as a person would ordinarily pay when applying for an individual policy at that time. Application for an individual policy may be made at any office of ACE INA Life Insurance. The amount of insurance benefit converted shall not exceed that amount issued during employment all policies combined. The individual policy will cover ACCIDENTAL DEATH and DISMEMBERMENT only.

GENERAL PROVISIONS

Beneficiary

An employee or any spouse has the right to name a beneficiary when he applies for insurance.

It is understood that the beneficiary designation made under the Policyholder's Group Life Insurance Policy shall be recognized as the beneficiary under the policy, unless a further designation has been made that specifically identifies the policy. Failing such designation, all benefits will be paid to the estate of the insured person.

All other indemnities of the policy will be payable to the insured person.

An insured person can change his beneficiary at any time, where permitted by law. The Company assumes no responsibility for the validity of such designation or change of beneficiary.

The beneficiary designation made by the insured person (if any) under the replaced policy has been retained. The insured person should review the existing designation to ensure it reflects his/her current intention.

The policy contains a provision removing or restricting the right of the insured person to designate persons to whom or for whose benefit insurance money is to be payable.

Legal Actions

No action at law or in equity shall be brought to recover on the policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with requirements of the policy. For residents of Alberta and British Columbia: Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Insurance Act. For residents of Manitoba: Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in The Insurance Act. For residents of Ontario: Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Limitations Act, 2002. Otherwise, every action must be brought within one year from the date of loss or such longer period as may be required under the law applicable in the insured person's province of residence.

Change of Insurer

A person insured under a former policy may not be excluded from the new policy or be denied benefits solely because of a pre-existing condition limitation that was not applicable or that did not exist in the former policy, or because the person is not at work on the date of coming into force of the new policy.

The insured person and any claimant under the policy has the right, as determined by law applicable in the insured person's province of residence, to obtain a copy of his/her

Payment of Benefit

The sick pay benefit is paid by your employer through salary continuance following the expiration of the qualifying period.

Duration of Benefits

Benefits are payable for up to 15 calendar weeks based on a normal five-day work week. After that, benefits are granted by the Employment Insurance Illness Benefit payable through your local Service Canada office for the next 15 calendar weeks.

Sick pay benefits are not payable in respect of disability resulting from:

- * intentionally self-inflicted injuries.
